## Courser Family Conservation Project

Warner and Webster, New Hampshire

Conservation  
Goal:  
1,238 Acres

The Nature  
Conservancy   
Protecting nature. Preserving life.™

Ausbon Sargent is leading this fourth and final phase of the 1238 acres Courser project. We are working with our partners: The Nature Conservancy, the Courser Family, Land and Community Heritage Investment Program, Open Space Institute, NH State Conservation Committee, Town of Webster, and private foundations and donors. We need your support for the private portion of this fund raising project.

**Private fundraising needed: \$80,000+ must be raised.**

If you would like to donate to this project just click on the Join/Donate menu at the top of this page and go to Land Projects. If you would like more information on this project call Ausbon Sargent Executive Director Debbie Stanley at 603-526-6555 or you may email Debbie at [aslpt@tds.net](mailto:aslpt@tds.net).
